

The Largest Carpet House West of New York!

Our twenty-three years of successful business career compelled us to largely increase our facilities again, so as to meet the growing wants of our constantly extending trade.

During the last two months we have been at work throwing the adjoining building to the one heretofore occupied by us into one, and we now positively represent the Largest Carpet House this side of New York City. The two buildings, 504 and 506 North Fourth Street—in all twelve floors, each 26x150—are crowded with a desirable

SPRING STOCK OF CARPETS AND CURTAINS.

Our immense Jobbing Trade, in connection with the extensive Retail, places us in the market as one of the leading outlets sought by the most prominent mills in existence. We purchase upwards of 10,000 rolls a season, every piece for spot cash. These facts offer us advantages which very few houses in the country can boast of. We appreciate the fact that the liberal patronage extended to us by our friends and customers in the past has largely assisted us to build up the magnificent business we now control. We shall in return offer the greatest advantages that can possibly be extended. Our lines will be found unlimited, the fabrics the most reliable manufactured, the assortment complete from the cheapest to the very finest grades, and our prices absolutely the lowest.

We invite our friends and the public at large to visit us in our new quarters and convince themselves of what we have actually accomplished and are offering.

RIGHT & LUNCKER,

504 and 506 North Fourth Street.

Kansas; and that, on investigation, proved to be without foundation, and was withdrawn by the party making it.

We are, therefore, forced to the conclusion that the "strike" of March 6, 1886, could not have been and was not based on a violation of the terms of the agreement of March 12, 1885, by the management of the Missouri Pacific Railway Company in its dealing with its employees in Missouri and Kansas.

We recognize the fact that the Missouri Pacific Company may justly claim that the strike of March 6, 1886, relieves it of the obligations it assumed in the circular of March 12, 1885; but, nevertheless, anxious that amicable relations be restored between the Missouri Pacific Company and its employees, and especially that the far more important interests involved in the striking of the Missouri Pacific Railway Company be restored, we respectfully suggest that the Missouri Pacific Company should not continue to suffer, and that the great highways of business and travel should be at once reopened to the public, we would respectfully but earnestly suggest and recommend that the agreements embodied in the circular of March 12, 1885, be restored and continued in letter and spirit, and that the Missouri Pacific Company re-employ in its service all of its old employees, without prejudice to them on account of the late strike, so far as the business of the company will justify their re-employment.

make these suggestions and recommendations in the interest, as we believe, alike of the company and its employees, and more especially in the interest of the public, commerce and people of the two States.
